## Happy Easter

We are a very small project supporting very small people doing very small things. But by God's grace we have seen our very small steps bring change.

Thank you for your support which has had results:

- Zohaib in Pakistan delivers food to enslaved children, who make hard core from bricks
- Pastor Kevin and Cecilia share teaching resources in Kenyan Sunday Schools
- Pastor Juma provides medical care for orphans in Uganda
- Meerab learns a new skill and making scarves and masks to feed her family
- Saoud studies to become an Operating Theatre Technician
- Pastor Juma writes "25 churches have asked me to train their Sunday teacher on Mother Hen Teaching."
- Daniel's mother recovered from sickness after we supplied medicines...

Our funds buy Bibles, resource Pastors, educate children, feed orphans, help widows learn new skills, feed the families of the disabled, provide medical fees for the unemployed. Funds go direct from our bank account to theirs. No costly salaries or administration. Receipts are sent and kept.

**Please send a gift this Easter!**

**Even a very small nest egg can grow into a hen!**
