**It has been a long hard winter for many. But, thanks to your generosity, Mother Hen Foundation has developed sustainable training for our families in Pakistan, Kenya, Uganda and The Philippines.**

**Pilot Poultry Project (PPP)** is our focus for this newsletter. Initiated by Pastor Kevin, chicken farming is an ideal way for MHF families in Kenya to support themselves and their communities.

**A year ago**, funding setbacks meant we needed a more cost efficient way forward. We reduced costs by dividing PPP into stages and sourcing online government training. We then delivered the project despite the farmers living in different areas.

**Kenya** is a beautiful country with different landscapes between East and West, a rich cultural heritage and diverse population. Kenya is larger than France, so travel and communications are challenging.

**The Kenyan Four** (from top) Pastor Dickson from Nairobi; Rev Samwel Kiobo from Migori; Reuben Koech from Kericho and Francis Kutondo from Mumias have worked hard to build their coops to the specifications for 20 birds. MHF has funded this, plus initial medicine and food. We are now in the final stages. Pastor Dickson says "I can't wait to see what God is up to with this project in Kenya and beyond!"

**Christmas Presentation, Craft Sales and donations raised £716** for the project so far. Special thanks to our friends and donors, trustees Rev David Howell and Elaine Venning, and St Matthews Church Cainscross for enabling these.

**Please help us to complete our PPP and get those hens laying ! We need a final £200!**

Stage 4 is £160 for purchasing suitable chicks and Stage 5 is £40 for food until the birds begin laying,

**Pilot Poultry Project fulfils MHF objectives** for sustainable training. Your gift goes direct to Pastor Dickson to administrate project completion. Please give by prayer, donation or sponsorship.

**WITH BIG THANKS AND EVEN BIGGER EASTER BLESSINGS**
